PRODUCT ENHANCEMENTS

New International Homepage

Simplifies international tax treaty access:

- Treaties box provides a full listing of agreement types, with links to each treaty topic.
- Treaty Primer now featured in the Expert Analysis section.
- Treaty Comparison Tool and Multilateral Instrument Tool can both be found under Practice Tools.

Treaty Comparison Tool

Allows you to assess and evaluate articles from different international treaties – within one centralized location. Country choices no longer disappear and new text appears if a treaty doesn't address a specific topic.

International Forum Landing Page

Makes it easier to search and browse for current and past topics. It shows a comparative study of international tax law issues. Each topic includes a fact pattern and detailed responses from expert practitioners based in 19 major industrial countries.

Transfer Pricing Forum Landing Page

Presents a comparative study of transfer pricing issues. Each topic includes

a question and detailed responses from expert practitioners based in over 20 major industrial countries.

SPECIAL REPORTS

Opportunity Zones Proposed Regulations Roadmap

Proposed regulations provided guidance relating to the type of gains that may be deferred, the time by which deferred gain must be invested, and the manner in which investors may elect to defer specified gains. Included is a definition of qualified opportunity zone business property. This roadmap highlights key takeaways from the proposed regulations.
